Pioneering Paint Technology

Graphene The Game Changer

Graphene, with a tensile strength greater than diamond, represents the pinnacle of material durability. Introducing Graphene into paint, we bring unparalleled toughness to protect and enhance your home.

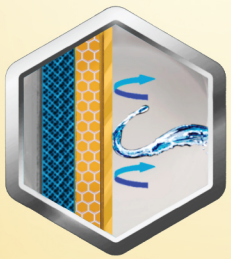

Impeccable Protection For Every Season

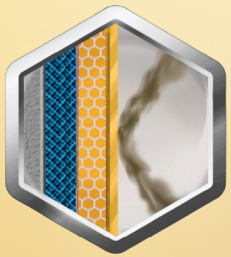

Ultimate All Weather Lamination Paint

Presenting Apex Ultima Protek, a Lamination Paint with Graphene: Unmatched UV Protection, Unparalleled Dust Repellency, and Extreme Weather Resistance.

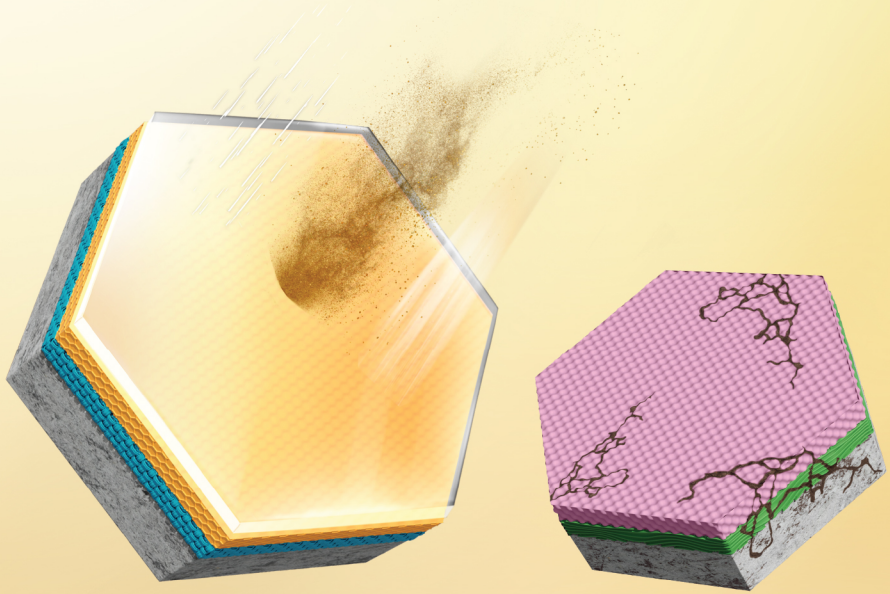

Ultima Protek

Lamination layer protects paint film from water.

Lamination layer protects paint film from dust.

Competition

Competition paint film prone to damage due to water.

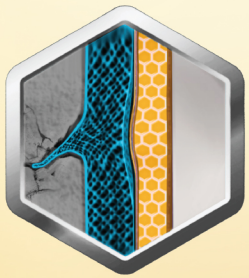

Competition paint film prone to damage due to dust.

- **Dust Repellent:** Advanced dustproof technology resists dust storms and keeps surfaces clean and vibrant.
- **Extreme Weather Resistance:** The lamination layer provides a protective barrier for the paint film, ensuring exceptional weather resistance against harsh conditions.
- **UV Protect:** Superior UV resistance maintains colour integrity and prevents fading, even under extreme temperature fluctuations.

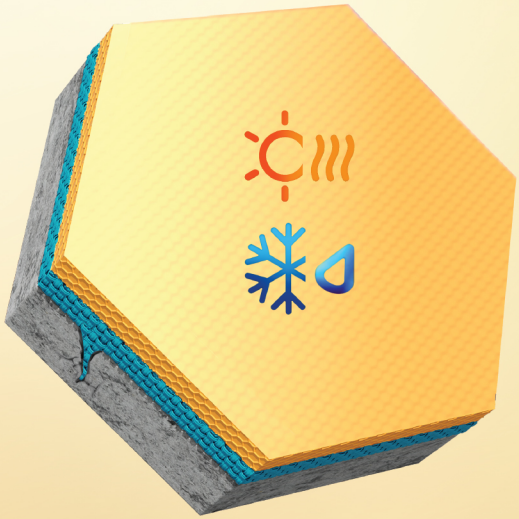

FORTIFIED LAYERS Complete Shielding

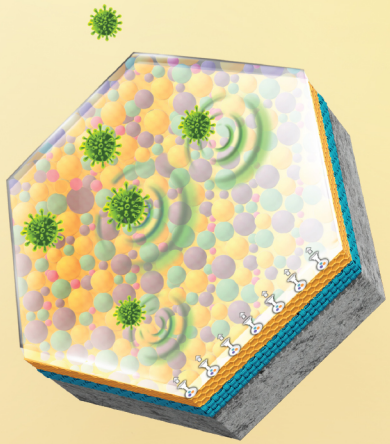

Elastomeric Armour & Algae Shield Pro

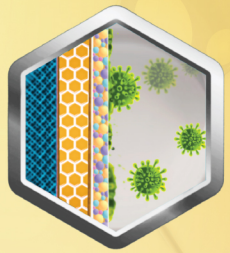

Superior Crack Bridging with Unmatched Anti Algal Warranty.

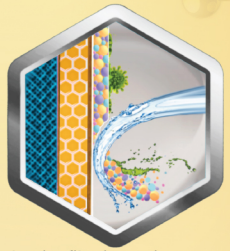

Superior crack bridging ability.

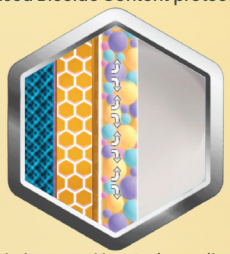

Biocide Content released by paint film forms protection and captures algae and bacteria.

Cleaned paint film is again covered with released Biocide Content protection.

Captured algae and bacteria easily washed off with rain renewing paint film lustre.

- **Elastomeric Armour:** Flexible coating that bridges cracks and enhances durability.
- **Algae-Shield Pro:** Advanced formula prevents algae growth, maintaining the paint's pristine appearance.

Crack-Free, Algae-Free
