PRODUCT DESCRIPTION:

Asian Paints SmartCare Tile Cleaner is a high quality active cleaner and degreasing solution containing a blend of acids and detergents for daily maintenance of tiles, bath tubs, wash basin and concrete etc. and common cementitious tile grout stains.

Advantages:

- Easy to remove stains.
- An excellent solution to degrease the tile surface with deposits of soaps, scum, salt and mineral.
- Effective for ceramic, porcelain & vitrified tile and grout.

Areas of Application:

- Cleaning the surface of floors in kitchen, bathrooms and areas where efficient cleaning is required.
- Removal of tile grout stains and degreasing of bathroom and kitchen tiles.
- An excellent material for cleaning the surface before application of epoxy products
- Daily purpose tile cleaning in bathrooms and floors.

Application method:

- For faint or mild spots/layers, mix SmartCare Tile Cleaner with water and soak the cloth/sponge/scrubber in the diluted solution and rub the surface till the spots/layers are removed. For difficult spots/layers neat SmartCare Tile Cleaner clean liquid (without mixing with water) is recommended for cleaning.
- For removal of faint or mild blemish spots/layer, dilute SmartCare Tile Cleaner in the ratio of 1:1 with water. Use a soak cloth/ sponge/ scrubber and clean the surface till the spots/layers are removed.

Precautions:

- Use of clinical gloves while using SmartCare Tile Cleaner to avoid mild itching or irritation is recommended.
- Try and check SmartCare Tile Cleaner before using on colored concrete, granite, marble stone flooring as they might show surface etching. (Don't use the product if the substrate shows discoloration up to 24 hours)
- Keep out of reach of children

Shelf Life: 2 Years in unopened condition

Technical Information

Color:	Blue Liquid
Specific gravity at 27oC:	1.05
Viscosity at 27oC:	Equal to water
Coverage:	Depends on degree of porosity & contamination
Soaking time:	5 Min
Dilution:	1:1 (depending on contamination)
