# Earth-Inspired Materials

**CURATED BY  
ROYALE PLAY.**

Royale Play transforms the colours and textures of the environment into an imaginative palette of wall finishes. Royale Play Material Finishes bring to life the innate beauty of Concrete, Clay, Stone, Rusted surfaces & Metals, creating a design aesthetic that is innovative and inspiring.

# Raw Sophistication

Raw yet refined,  
Concrete makes a bold new  
statement. Its unfinished  
earthy texture lends an  
industrial edge to spaces.  
These finishes are available  
in a variety of hues and  
effects and can be used either  
as an accent or on all walls in  
the room.

The effects featured in this  
book have been created using  
Royale Play Archi Concrete,  
an Acrylic-Siloxane plaster  
coating. These finishes can  
be applied on interior as well  
as exterior surfaces. They are  
ideal for all residential spaces  
and for commercial spaces  
like cafes & restaurants,  
retail environments and  
office spaces.

## Versatile Beauty

Stone surprises with its multi-faceted beauty. Whatever its shape, colour, or size, its natural charm enhances the ambience of any space. Created with different textures and effects, Royale Play Stone now transforms plain walls into something delightful, dazzling, spellbinding and more.

The effects featured in this book have been created using Royale Play Teodorico, Marmorino and Stucco. These are lime based plaster coatings which help achieve a uniform and semi-polished surface. They are available in a variety of shades to choose from.

# Timeless Traditions

Let your artistic vision leave its mark as Clay shapes itself to your imagination. Inspired by popular motifs across time, there is a story in every imprint and beauty in every detail. These accent walls speak in a language of their own.

The effects featured in this book have been created using Royale Play Calcecruda, a lime based microporous decorative coating, and a choice of motif-based stencils that are used to achieve the final design, texture and colour. This finish is highly customizable, lending itself to whatever design that you can imagine and create.

## Perfect Imperfections

The rare beauty of rust can be found in its gradual, yet graceful decay, a process that has been perfected by time. Inspired by this natural process, these finishes bring alive the beauty of rust in an aesthetic form. Discover this unusual yet enthralling aesthetic in a rich palette of colour and texture.

The rust effects featured in this book have been created using Royale Play Ironic & Royale Play Verderame, both water based systems that utilize real oxidative effects to produce a natural corroded Iron and Copper finish, respectively.

Additionally featured is leafing, an ornate and metallic effect achieved using Royale Play Midas Gold, Silver or Copper metallic sheets.
