Wonderfully White

— The Ultimate Sophistication

An Exquisite and Elegant BATHROOM

Imagine a bathing space with Calcutta Marble against a backdrop of brass and gold accents, modern fittings, pendant lights, ribbed details on the dresser and a backlit mirror. Add to this to offset the pattern and grain resulting in a bathroom that exudes elegance and luxury.

A Sparkling Ultra Modern KITCHEN

Create a modern, minimal, spacious contemporary kitchen with white wood polyester cabinets over the wallpaper. The glossy finish will help to bounce light around giving the illusion of a larger space and the perfectly designed, easy to maintain material adds the perfect touch to this timeless classic design.

MASK ✦

Alternate between gloss and matte finishes on the same material to create interesting patterns.

The Ritz & Dazzle of an ENTERTAINMENT PAD

High class grandeur and exquisite refinement is synonymous with a 21st century bachelor haven. Showcase the most luxurious leather furnishings, wall sized artwork, automated technology, along with a low maintenance, low fuss application of polyester on a section of marble wallpaper or wood. With its highly reflective quality, this material will emphasise the architectural details of this area.

ACCENT ✦

Highlight architectural features, here cruved walls especially within monochromatic interiors.

A Radiant Royal

LIVING ROOM

The once traditional living room is now a chic and contemporary one but wood continues to be the most loved material for the design. Wooden cladding can be used across the ceiling and walls and as a contrast with conventional fabrics and patterns. The versatility, durability of polyester provides a sustainable option over other alternatives while adding an element of luxury as well.

PRESERVE ✦ Preserve the quality of wood so it can be used extensively over larger surfaces (walls, ceilings, counters) with an added oomf

Encapsulating Success:

A TIMELESS, DELUXE HOME OFFICE

Work from home is a reality for many across the world as a result of the pandemic. Office spaces within the house now take on a luxurious new look with floor lamps, artifacts, stark flooring among other design features. The low maintenance quality of polyester in this space makes the classic combination of marble, wood and gloss a symbol of success and authority.

ZENVIRONMENTS

Japanese inspired wooden interiors to give the luxe, Zen vibe is a popular theme for many book cafes. Less is more in these minimalistic spaces and polyester woodtech incorporates this global trend by effortlessly using gloss to blend the earthiness of nature inspired design with cosmopolitan aesthetics.

REVITALISE

Refine and modernise the usage of wood and earthy elements to fit the modern, cosmopolitan environments for a luxurious feel

EMIT

Use over translucent materials that have the capacity to diffuse light for a screen-like effect

The Jazzy Snazzy

HOME BAR

The quintessential elements of the 70's style - bold colour and stylistic contrasts, geometric patterns, mirrored surfaces are now back in demand with a modern spin. Using the glossy finish of polyester for the wooden cladding provides the signature theme of grandeur and luxury which is the highlight of this Hollywood style Home Bar.

Perfectly Pink

NAIL SALON

Design is everything when it comes to delivering the ideal salon space. A touch of sophistication and elegance is provided with the play of colours and contrasts with charcoal, rose gold and pink and the application of polyester over the metallic wallpapers provides the straight out of a magazine look which is sure to entice clients.

REFLECT ✦

Use over metallic finish wallpapers, to create a tinted mirror effect.

The Adventure Den, A KID'S DREAMLAND

Mix and match colours and tones to make this room pop. Think neutral tones paired with pastels and create spaces within spaces with the use of gloss on the contrasting surfaces. The versatility of polyester allows you to play around and create whiteboards on any part of the room, making it child friendly and an easy to clean space.

DOODLE ✦ High-gloss smooth finish that doubles as a whiteboard surface to encourage creativity and learning.

Pre Painting Instructions

SANDING:
Sand the wooden surface along the grains using sand paper no. 180, and then 320 or 400. Wipe surface to clean off loose dust particles.

INSULATION:
Apply 1- 2 coats of WoodTech Epoxy Insulator to insulate from oil & resin from the wood, also it reduces absorption of a paint material on Veneer or Plywood & MDF.

DENT FILLING:
If the surface has dents, apply WoodTech Filler with a putty knife over the dented area.

STAINING:
To colour, apply WoodTech Wood Stains Interiors or WoodTech Wood Stains Exteriors by ragging or spraying. Allow to dry for 30 to 120 minutes.

High Gloss Retention

Its high gloss retention property ensures that the furniture continues to shine ever after years of painting

Unsurpassed Gloss Quality

High Gloss finish which gives a very high depth-of-image and a mirror like look

Zero Maintenance

WoodTech Polyester Gold is a zero maintenance finish-due to its unmatched heat resistance, high stain resistance and excellent scratch resistance

Ever Lasting Elegance

Unmatched hardness of the film gives it the best scratch, stain and heat resistance
