Note:1. Thinning if required should be done with water.
2. Do application of sealer coat and top coat as per recommended procedure.
3. Asian Paints WoodTech Dent Filler must not be polluted with oil, varnish or the like.
4. The containers should be tightly closed after use.
5. Recoat period is quoted for 30°C and 75% relative humidity, these may vary under different conditions.
6. For colour matching of wood surface, mixing can be done with locally available colour powders
7. Dent Filler gives good filling for nail holes upto 3mm in single filling, For larger and deeper nail holes/dents additional application can be done incase any depressions are seen on the applied dent filler.

Asian Paints WoodTech Aquadur Dent Filler

ADDITIONAL INFORMATION

POST PAINTING CARE

- ◆ For removing stains on tiles and metal surfaces, apply NC Thinner on the surface and wipe clean.
- ◆ If stains are difficult to remove, scrapping can be done after applying NC thinner on the stained area.
- ◆ Precautions need to be taken while filling, like masking of adjoining areas with suitable material, as the stains may be difficult to remove if present on wood or coated wooden and wall surfaces.

TECHNICAL DETAILS

- a. Drying time: Sand dry time: 120 minutes
- b. Flash point : Not Applicable
- c. Stability of thinned paint: Not Applicable
- d. Shelf Life: 12 Months from date of manufacture in original tightly closed container away from direct sunlight and extensive heat.

PRECAUTIONS

- ◆ For optimum performance, Asian Paints WoodTech Aquadur Dent Filler must be applied at a temperature between 20°C and 40°C and humidity not above 75%

SAFETY FEATURES

- ◆ Kindly refer to the MSDS for Asian Paints Woodtech Aquadur Dent Filler, which gives detailed information on safety measures while handling the paint.
- ◆ Store the product at ambient conditions in well ventilated locations and away from source of ignition and fire
- ◆ Use protective equipment like rubber/polyurathene gloves, safety goggles/glasses, face mask while handling the paint
- ◆ Avoid eye and skin contact. In both cases wash with soap and plenty of water. Get medical attention if irritation develops or persists.
- ◆ Do not inhale or ingest. In case of inhalation move to fresh air and seek medical attention if symptoms persist in both cases
- ◆ Dispose in land filling. Do not dispose in any drain or land filling
- ◆ No added Lead, Mercury or Chromium compounds
