Carcass Specifications

In the realm of wardrobe creation, the carcass stands tall as the noble cornerstone, the essence from which every masterpiece is born. Like the sturdy foundation of a majestic castle, the carcass weaves its importance into the fabric of quality wardrobes, granting them durability and endurance to withstand the test of time.

A bastion of resilience

Each carcass has been efficiently fashioned from the industry approved BWR plywood. Highly resistant to water and humidity, the material ensures that each carcass transforms into a bastion of resilience against the ceaseless tides of wear and tear, warding off the ravages of time and withstanding the stresses of daily use.

A guardian of structure

Pliant and workable, the BWR plywood also lends itself effectively to modern-day manufacturing techniques, so every Royale wardrobe carcass is shielded from the burdens of sagging or warping under the weight of your belongings.

An epitome of durability

Every carcass in the Royale collection is treated specifically to ward off termite and pest infestation fortifying the wardrobe in its journey through the seasons of existence.

A sanctuary of order

Crafted from quality material, every carcass creates a tapestry of space with ample scope to add shelves, drawers and lofts allowing for ease of navigation and personalization for the homeowners.

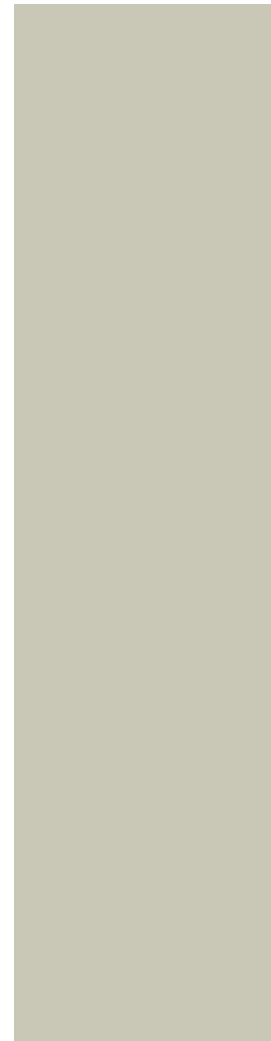

An aesthetic marvel

Keeping in mind the varied taste and sensibilities of modern homeowners, we have ensured that the carcasses for the Royale wardrobes can be furnished in a myriad of external finishes.

Disclaimer : For any requirement where the exposed side panel of the carcass is to be finished in PU Paint, such a panel will only be constructed in HDHMR and not in any other material.

Loft Specifications

A persistent issue for any homeowner is lack of organized storage space. Be it clothes, luggage or personal artefacts, sooner than later we seem to run out of space to store them. Wardrobe lofts are the perfect solution to this age old conundrum. Poised neatly above the wardrobe's main frame, they efficiently help us tuck away anything we do not need on a daily basis - old clothes, seasonal attires, spare beddings, elephantine suitcases and tidbits from our past.

The Royale category offers modular wardrobes that can be fitted with lofts keeping in mind the personal storage needs as well as the dimensions of the rooms. Furnished in a range of finishes and fashioned from BWR plywood, every loft we make seamlessly matches the overall aesthetics of the wardrobe while adding to its functionality.
