ABOUT US
Sleek Kitchens

It would be true to say that Sleek has changed the way Indians cook today. The first to introduce the concept of modular kitchen in India, Sleek has consistently innovated and refined its products to offer the best to the Indian consumer.

The company started its manufacturing process with plastic coated wire accessories, and soon added Stainless Steel accessories to its product portfolio under the brand name Sleek Designer & Sleek Tuff basket. The company then diversified into kitchen cabinets, shutters, hardware, appliances. Today, Sleek stands tall as a complete kitchen solutions provider.

In 2013, Sleek aligned forces with Asia's largest paint company - Asian Paints Pvt. Ltd.. With this association, Sleek is looking forward to unprecedented growth in the coming years. Today, Sleek boasts of the largest network of kitchen dealers based all over India.

The company lays special emphasis on training its kitchen designers. The professional training program aims at equipping them with all the knowledge and skills required to make them a Specialist in this field.

Sleek's state-of-the-art manufacturing units at Vasai and Pune are the backbone of the company. The brand new Application Centre at Mumbai houses all the latest innovations designed by Sleek's specialist designers.

The company has also tied-up with many International giants including Grass, Tecnoinox, Scilm, Kessebohmer to offer world-class quality and workmanship to the discerning Indian consumer. With orders pouring in from the Gulf and African countries, Sleek is now making inroads into the global market as well.

Add a touch of Sleek elegance to your kitchen with GRASS

Nova Pro - Benefits for all

| Hygiene	Weight Carrying Capacity	High Storage
Hygiene is a major requirement in any kitchen. With Grass Nova, the non-toxic coating and the narrow cleaning lip, that's no problem at all.	High Weight carrying capacity	Due to straight sides utilisation of additional 30mm space. If we count 30mm X 500mm Depth in 13 drawers, total space saving could be equivalent to 1 complete drawer

GRASS NOVA PRO   COMPETITOR
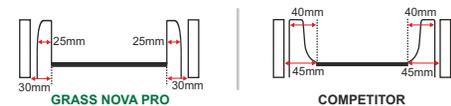

| Installing and removing	Front installation + removal (tool-free)
One single movement completes installation and removal of a Nova drawer. There are no levers involved.	The drawer front panel can be attached or removed with one movement. Simple and tool-free!

Assembly
1. Angle the front panel with the installation hooks into the lower slanted slot. (0-positioning with the installation hooks).
2. Tilt the front in and…
3. …Press down.
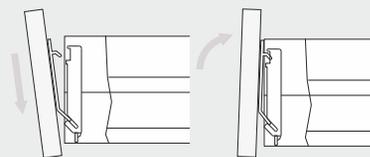

Removing
1. Press the catch and …
2. … Remove front panel.

*The PVC foil is designed to bend over the edge and this gives aclean, nished looked. The foil will not peel with normal wear and tear.
*Very easy to install for external skirting corner joint (Only oneskirting has to be attached to the corner prole & 2nd skirting will get overlap by the corner prole.)
